

Scott Dombkowski

Work Experience

Amazon - UX Intern, May 2017 to August 2017, Seattle, WA

Contributed to a team tasked with designing the Service Cost Tool, a tool that manages key cost data. Primary task was designing the tool's first time user experience.

Mapzen - UX Intern, June 2017 to August 2017, New York, NY

Contributed to a team tasked with building Who's On First (WOF), a gazetteer or big list of places, each with a stable identifier and some number of descriptive properties about that location. Primary task was to improve how WOF is presented to the public.

Capital One, August 2013 to May 2016, Tysons Corner, VA

Contributed to multiple teams tasked with the internal monitoring of Retail Bank as a Platform Engineer, the Agile transformation at Capital One as a Process Engineer, and department wide analytics as a Data Analyst. Primary tasks included customer consultations, creation/continuous improvement of metrics packages, reporting (e.g., capacity models, monthly business reviews project analysis, time costing analyses), Splunk application onboarding, and Splunk dashboarding.

Projects

Seam, January 2018 to May 2018

Designed an intelligent mentorship platform that connects students with mentors to bridge the gap between academia and industry, facilitates learning, and encourages lasting human to human relationships.

Dinosaur Passage, November 2017 to December 2017

Designed a dynamic and evolving experience that promotes deeper understanding, interaction, and connection at the Carnegie Museum of Natural History.

The Influence of Neighborhood Characteristics on Property Sales, November 2017 to December 2017

Designed a data visualization that allows a user to discover correlations between a neighborhood's characteristics (schools, retail locations, etc...) and property sales.

Oyster, September 2017

Designed a tangible interface that dispenses goodwill and a sense of belonging.

Converge, April 2017 to May 2017

Designed a medium that simultaneously mirrors the non-linearity of in-person conversations while leveraging the surveyability of digital conversations to maximize understanding.

Asthma Connect, March 2017 to May 2017

Designed a service that would support the transition of children (4-10 years) from parental management to self-management of their asthma care.

Summary

Hi, my name is Scott. I am pursuing my Master of Design in Design for Interactions from Carnegie Mellon University. I use my diverse background and adaptable skill-set to explore and create artifacts able to positively affect the world.

Education

Carnegie Mellon University

MA in Design, May 2017

MDes in Design for Interactions,

Expected May 2019
